Toni Speaks:

Okay, I'm excited! We have so many new quilt classes this schedule I can't even hang them all at once in the shop. And what a variety! We have offered some night classes at your request so be sure to take advantage of this. We have a **BOM** with Love Letters and a fantastic paper pieced project with **Celtic Wave**. Be sure to go to our web site and see the pictures of all the quilts. **Mollie is back with clothing classes with pants from the Sewing Workshop and the Stella and Luna Top**. She can help you fit yourself. Roberta will be doing some **children patterns again**.

We are now a **Handi Quilter dealer** and will be happy to talk to you about anything you would be interested in. Please note they make a table top model, 18" and 24" heads and your tables can be customized. We are having fun with this machine.

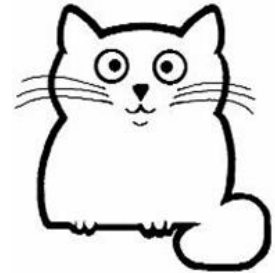

Mastery Classes will be starting and they are on different days to mix it up this time. We have machine, software, cutwork and serger masteries all available this schedule. Please take advantage of this and learn your product or machine. You will be glad you can.

Horn Cabinets now has an electronic lift that is wonderful. We have one in the shop if you are interested in seeing it.
